### STANDARD SWITCHES

#### ELECTRICAL SPECIFICATION

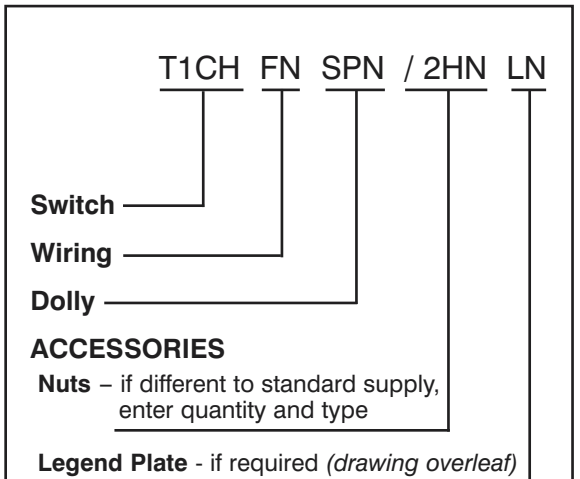

Contact rating 2A / 250 V a.c. / d.c.  
Switch contacts – brass, silver plated.  
Snap action. Double insulation.

#### STANDARD SPECIFICATION

As standard, each toggle switch will be supplied with two nuts (one Hexagon and one Knurled). If anything different to this is required, it can be indicated in the order codes below.

Switches with nickel plated or plastic dollies will be supplied with nickel plated nuts. Switches with self coloured brass dollies will be supplied with self coloured brass nuts.

### ORDERING CODES

Example above: T1CHFNSPN/2HNLN is a toggle switch, single pole, double throw, with Faston connections and a short pear dolly that is nickel plated. It will be supplied with two hexagon nuts (not the standard one hexagon and one knurled nut) and a nickel plated legend plate.

# TOGGLE SWITCHES - SINGLE POLE, DOUBLE THROW (as formerly manufactured by CASTELCO)
